- Software and functionality fully compatible with SCM's SCR3310v2 reader
- EMV Level 1 certification*
- Customization options: casing colour and company logo
- ideal for post mailing

*ongoing

** based on A4 format

Typical Applications

The "SmartFold" SCR3500 mini USB reader is a fully ISO7816 compliant contact smart card reader which is perfectly suitable for a wide range of application areas for government, enterprise and home use.

Due to its small design, this ID1 reader is ideal to be bundled with smart cards and software to support large scale project roll outs. Typical applications areas of this reader are in the field of electronic ID cards, social security cards, secure network log-on, e-Banking and online shopping, loyalty and e-Coupon cards as well as for online gaming activities.
